## SWAP FREE ACCOUNTS TERMS

ForexTradingPro is pleased to provide swap free accounts to all traders of Islamic faith. To have an account\* switched to NOSWAP mode, please email a letter that states your intentions to the following email address: [helpdesk@forextrading.pro](mailto:helpdesk@forextrading.pro). In addition, a copy of the letter must be uploaded in the Client Office.

There are no additional commissions or charges applied to accounts in NOSWAP mode. However, if you use your account for swap-arbitrage operations, our Company will consider such activity as a fraud behavior and your account will be charged at a rate of 30 USD per a day for each standard lot opened starting from the date of transaction till the day of such behavior discovery. **In this case claims are not accepted and are not considered.**

To qualify for a swap-free account, clients may be asked to submit additional proof of Islamic faith. ForexTradingPro reserves the right to refuse any client a swap free account for any reason, without providing any explanation and to discontinue NOSWAP mode on any account at its sole discretion. Every account in NOSWAP mode will remain as such at the discretion of the Company.

*\* Standard Accounts only*
